# Safety Data Sheet

Organic Chia Seed Oil

# Section 1: Identification

<b><u>1.1</u> GHS product identifier</b>	Organic Chia Seed Oil
Product name:	(INCI: Salvia hispanica (Chia) Seed Oil)
<b><u>1.2</u></b> Recommended use of the chemical and restrictions on use	Topical applications for personal care & supplement mixtures. Do not use if allergic to chia seed.
<u>1.3</u> Supplier's details	Botanic Innovations, LLC
Company name:	1580 S. River St.
Company address:	Spooner, WI 54801
Company contact:	1-715-635-7513   1-800-719-9878
<u>1.4</u> Emergency phone number	For Chemical Emergency: Spill, Leak, Fire, Exposure, or Accident – 24 Hours 1-800-719-9878

# Section 2: Hazard(s) identification

2.1 Classification of the substance Skin Irritation Eye Irritation Specific Target Organ Toxicity – Single Exposure			No hazard, no risk. Unlikely to irritate eyes. Not expected route of exposure. None.			
2.2Globally Harmonized System (GHS) label elements,				including precautionary statements		
Hazard Classification	Category	Signal Word	Hazardous Statement	Precautionary Statement	Hazard Pictograms	
Skin	None	None	None	None	Not required	
Eye	None	None	None	None	Not required	
2.3 Other haz Data not a		do not result in	classification	:	· ·	

### Section 3: Composition / information on ingredients

3.1 Substances Organic Chia See	d Oil						
3.2Substance							
Chemical name	CAS #	OSHA	ACGI	RSST	MSHA	NIOSH Rel	% by weight
(Common name)		PEL	H TLV	Vemp	PEL		
Organic Chia	93384-40-8	None	None	None	None	None	> 99
Seed Oil							
(Triglyceride)							

### Section 4: First-aid measures

4.1 Description of nec	cessary first-aid measures:
Eye Contact:	<ul> <li>Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Cold water may be used. If symptoms persist get medical attention.</li> </ul>
Skin Contact:	<ul> <li>Remove contaminated clothing. If skin irritation does occur, wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.</li> </ul>
Inhalation:	• Remove victim immediately from source of exposure. Seek medical attention.
Ingestion:	• Not expected to be toxic. If ingested do NOT induce vomiting unless directed to do so by medical personnel. Seek immediate medical advice.
4.2 Indication of imme	ediate medical attention and special treatment needed if necessary.
None known.	

# Section 5: Fire-fighting measures

5.1Flash Point:
>200°C
5.2 Suitable extinguishing media:
Extinguish using appropriate materials. Avoid using water. Use smothering materials, treat as oil fire.
5.3 Specific hazards arising from the chemical:
Contains oil. May splatter and foam from contact with water. Avoid contact with hot oil
5.4 Special protective actions for fire-fighters:
Personnel should use self-contained breathing apparatus and wear protective clothing.

#### Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures Wear protective clothing, wear protective breathing apparatus, follow general fire precautions indicated in the workplace.
6.2 Environmental precautions Do not allow product to reach sewage system or any waterways. Inform respective authorities in case of spillage into waterways or sewage system.
6.3 Methods and materials for containment and cleaning up Collect oil using appropriate absorptive substances.

# Section 7: Handling and storage

7.1 Precautions for safe handling
Handle in accordance with good industrial hygiene and safety practice. Ensure good ventilation or exhaust
in workplace. Do not allow contact with eyes.
7.2 Conditions for safe storage, including any incompatibles
Store in tightly closed original container in a dry and cool place. Avoid contact with alkaline substances,
will react, and produce heat.

## Section 8: Exposure control / personal protection

# 8.1 Control parameters

Not specific.		
Vagatabla	~:I	 N LI

Vegetable oil mist – NIOSH REL: 10mg/m<sup>3</sup> TWA, OSHA PEL: 15mg/m<sup>3</sup> TWA\*

\*CDC, NIOSH Pocket Guide to Chemical Hazards

<u>8.2</u> Appropriate engineering controls

Provide appropriate exits from rooms containing material.

8.3 Individual protection measures, such as personal protective equipment (PPE)

**General:** Goggles, lab coat, gloves, hairnet, dust/mist type mask recommended. **Other protection:** For prolonged or repeated contact use suitable gloves; use approved safety goggles or face shield; wear appropriate clothing to prevent possibility of skin contact; wash at the end of each work shift and before eating, smoking, and using the toilet.

## Section 9: Physical and chemical properties

Physical State:	Free flowing, liquid oil.
Appearance:	Gold colored
Odor:	Characteristic.
pH:	NA
Melting:	NA
Boiling Point:	NA
Flash Point:	>200°C
Flammability:	No
Upper/lower flammability or explosive limits:	NA
Vapor pressure:	NA
Bulk density:	NA
Specific Gravity:	0.925-0.935
Solubility(ies) in water 20 C:	Insoluble in water. Soluble in other oils.
Decomposition temperature:	Not available.

## Section 10: Stability and reactivity

10.1 Chemical stability
Stable under normal temperature and pressure.
10.2 Chemical reactivity
Does not react with water. Will generate heat in contact with lye and other alkaline substances.
10.3 Conditions to avoid
Avoid alkaline substances.
10.4 Hazardous decomposition products
Not known.

#### Section 11: Toxicological information

11.1 Substance				
a) No toxic data recorded.	No data available for acute toxicity. No data found in literature			
-,	search.			
b) Skin corrosion / irritation	No data avail	able for adult skin.		
c) Serious eye damage / irritation	No data avail	able.		
d) Respiratory or skin sensitization	Not expected	route of exposure.		
e) Germ cell mutagenicity	No data avail	able.		
f) Carcinogenicity	IARC: Not classified as a human carcinogen.			
	ACGIH:	Not classified as a human carcinogen.		
	NTP:	Not classified as a human carcinogen.		
	OSHA: Not classified as a human carcinogen.			
11.2 Information on the likely routes of exposure				
Skin and ingestion.	-			
11.3 Symptoms related to the physical				
To the best of our knowledge, this is	0			
11.4 Delayed and immediate effects an	d also chronic	c affects from short and long term exposure		
Not determined.				
<u>11.5</u> Numerical measures of toxicity (s	uch as acute t	oxicity estimates)		
Not determined.				

Interacts with alkaline substances.

# Section 12: Ecological information

	-			
12.1 Info summary of Ecological infor				
The ingredient is not classified as environmentally hazardous. However, this does not exclude the				
possibility that large or frequent sp	ills can have a harmful or damaging effect on the environment.			
12.2 Eco-toxicological properties of s				
See each category below for spec				
<u>12.3</u> Toxicity				
Eco-toxicity (aquatic and terrestria	l where available).			
	i, where available).			
Acute Fish Toxicity:				
LC50 – not available.				
	LC50 – not available.			
Toxicity to aquatic plants- not ava				
	Toxicity to microorganisms- not available.			
Toxicity Threshold – Unknown.				
Summary: Not known as toxic.				
12.4 Persistence and degradability				
Substance	Known to be biodegradable.			
12.5 Bio-accumulative potential				
Substance Not bio-accumulating.				
12.6 Mobility in soil				
Substance Unknown.				
12.7 Other adverse effects				
Substance	Substance Unknown.			

## Section 13: Disposal considerations

#### 13.1 Disposal methods

Observe all federal, state and local environmental regulations. Member State specific and Community specific provisions must be considered. Considering the relevant known environmental and human health hazards of the material, review and implement appropriate technical and procedural wastewater and waste disposal measures to prevent occupational exposure and environmental release. It is recommended that waste minimization be practiced. The best available technology should be utilized to prevent environmental release. This may include destructive techniques for waste and wastewater. In extreme situation, contact a licensed professional waste disposal service to dispose of this material.

## Section 14: Transportation information

14.1 UN Number
Not regulated.
14.2 UN Proper Shipping Name
Consumer commodity.
14.3 Transportation hazard class(es):
None.
<u>14.4</u> Packing group, if applicable
None.
14.4.1 Marking requirements
Not required for retail packages.
14.5 Environmental hazards

Substance not determined. Avoid exposure to waterways.	
14.6 Special precautions for user	
None.	
14.7 Transport in bulk according to Annex II of MARPOL 73/78° and IBC Code	
Not applicable.	
14.8 Additional transportation information	
None known.	

#### Section 15: Regulatory information

15.1 Safety, health and environmental regulations				
Country/State	Notification			
Canada	DSL – Domestic Substance List. Not regulated.			
USA	TSCA – Toxic Substance Control Act: all ingredients listed. Not regulated.			
California	Proposition 65 – Not regulated.			

### Section 16: Other information

## Disclaimer:

The information in this Safety Data Sheet (SDS) is believed to be accurate as of the date issued. HOWEVER, NO WARRANTY, EXPRESSED OR IMPLIED IS MADE CONCERNING THE ACCURACY, COMPLETENESS OR RELIABILITY OF THE INFORMATION PROVIDED HEREIN, INCLUDING BUT NOT LIMITED TO, WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR COURSE OF PERFORMANCE. The information provided relates only to the specified product designated and may not be applicable where such product is used in combination with any other materials or in any process. Since the conditions and methods of handling, storage, use and disposal of the product are beyond the control of Botanic Innovations, LLC, Botanic Innovations, LLC expressly disclaims any and all liability, loss or damage arising out of or relating to the use, storage, handling or disposal of the product or reliance on the information in this SDS. Users are cautioned to satisfy themselves as to the suitability of said information, procedures and recommendations for the purposes intended prior to use.
